Chris works with the Chief Operating Officer, partners, and vendors to manage the firm's intellectual property legal practice. As the Chief IP Officer, Chris is responsible for the operation of the IP practice encompassing technology utilization, systems analysis, staffing, and operations. Chris works with partners to coordinate the functions of the IP practice to ensure client needs are being met by implementing cutting edge digital technologies.

Prior to joining Arent Fox, Chris was the firm administrator at a number of prominent boutique IP firms in the US and overseas. Chris helped develop the first IP law firm specific digital workflow management software and has converted five law firms to digital environments in the US and abroad.
